Electronic Banking – Personal and Business

Electronic banking provides customers with access to their accounts 24 hours a day, 7 days a week, 365 days a year, through desktop, tablet, or mobile devices. Our electronic banking suite of products includes Online Banking with Bill Pay, Mobile Banking, Person-to-Person Payments, and ATM locations.

- Online Banking provides account access online 24 hours/day and is free with any consumer account. Customers can check account balances, see which checks have cleared, view 18 months of previous statements, download transaction history, make loan payments and pay bills with online bill pay.
- Mobile Banking allows customers to manage their finances from a mobile phone or tablet. Features include making deposits and transfers, viewing transactions, paying bills, making payments to another person and a branch and ATM locator.
- Zelle is a convenient way to send money using a mobile banking app or online banking account. Zelle is a fast, safe, and easy way to send and request money. Funds are sent directly to the recipient's account in a matter of minutes, and all you need is the recipient's email address or U.S. mobile phone number.
- Digital Wallets are a secure way to make purchases in stores, in apps and on the web with an iPhone, Apple Watch, iPad and Mac. Two main components of a digital wallet transaction make them secure: 1. your card details are never passed to the merchant during a transaction, and 2. the transaction is authorized by your unique fingerprint or secure passcode.
- Manage My Cards is integrated into The Coop's mobile banking app and allows customers to access their bank accounts and card information 24/7 through a smart phone or tablet. My Card enables customers to set up real-time alerts to monitor any suspicious activity; turn cards on or off so that no purchases or withdrawals are approved except for preciously scheduled recurring payments.
